of the Police appears to have been more in the qualifications of the present incumbent than any necessity for increasing the pay of the Office so no sufficient cause appears to have been shown for recommending the orders passed last year

6 As regards the request for an increase grant, to those serving in the home having regard to a more commodious buildings, it is necessary that the best possible arrangements in this direction should be made in the interest of the health of the servants and the proposals maybe allowed have provisionally included in the budget—

From J. Weir

Inspector General of Education in Mysore

To C S Balasundaram Iyer Esq BA,
Offg Secretary to the Government of H H
the Maharaja of Mysore,
General & Revenue Depts,
Bangalore.

SIR

I have the honour to inform you that the Managing Committee of the Mysore Engineering School which met on the 30th ultimo to discuss the budget estimates of the school have proposed the following additional charges in connection with the budget of the school for 1910-11, and to recommend that the proposals of the Committee may be kindly sanctioned by Government.

(1) That Government may be asked to kindly sanction a grade of Rs 20-1-30 to the writer of

the School (12

The present pay of the writer, Srinivasaragar is Rs 15 a month. He is a matriculate and has passed the Madras Technical Examinations in Surveying and Levelling, Building Materials and Construction, Earthwork and Roads He entered service in the school in August 1905 and is reported to have done satisfactory work Government were pleased to provide in the current year's Local Funds General Budget a Sum of Rs 60 on account of increase of pay to the writer, but subsequently disallowed it in their Order No. 717—8 / Ed. 292-08-3 dated 19th July 1909, with the remark that the writer, if found Competent, might be transferred elsewhere to a vacancy on higher pay, if one should occur, on the ground that the pay of the writer was originally fixed at Rs 15. Now the Committee propose that a graded pay rising from Rs 20 to Rs 30 by an annual increment of one rupee may be sanctioned for the writer, the present incumbent starting on Rs 20 in the grade. I agree with the Committee and recommend the increase to the writer who richly deserves the promotion, with effect from 1st July 1910 As the

necessary provision for the immediate increase already exists in the budget Government will not be put to any additional charge on this account till 1911—12.

(2) That the grant of the Students Home may be raised from Rs 40 to Rs 50 a month with a view to provide suitable accommodation

As arranged at the beginning of the official year the Students of the Mysore Engineering School are provided lodging and boarding in the Students Home of the Mysore Normal School Out of the monthly grant of Rs 40 of the Engineering School, Rs 10 goes towards the cost of employing an additional Cook for the Home, the balance of Rs 30 being paid towards the rent of the building, towards which the Normal School contributes an equal share As the building in which the combined home was held was found inadequate and incommodious, the Combined Home has been removed to a more spacious and convenient building — to the Rangamma bungalow, the rent of which has been fixed at Rs 70 a month as against Rs 60 paid for the previous building Under these —

Circumstances the Engineering School has to pay a monthly rent of Rs-40 instead of Rs-30 hitherto paid - I therefore recommend that the grant of the students' Home of the Engineering School may be raised from Rs-40 to Rs-50 a month with effect from 1st July 1910

3 A copy of the resolutions of the Committee with Nos 4 & 5 of the Subjects discussed is herewith submitted for favour of perusal -

I have the honour to be,

Sir,

Your most obedient servant,

J Weir

Inspector General

(4) Although the increment of Rs-5 to the writer was sanctioned, subsequently it was disallowed on account of a technical objection the Govt say that the scale of the writer of this School is only Rs-15 and so he could not be given Rs-20 Hence although the writer deserves the increment he could not be given here, but if there is a vacancy of a higher post elsewhere he might be transferred there.

It is now requested that the Govt may be asked to kindly sanction a grade of Rs-20-1-30 to the writer of the School

(5) There is a combined students Home for this School and the Govt Normal School The house rent sanctioned for the Students Home to each of these Schools is only Rs-30, the remaining Rs-10 out of Rs-40 to this School being provided to employ an additional Cook. There is no decent house available in good locality for the location of the Students' Home except Hotte Ranganna's bungalow the rent for which is Rs-70 per mensem. So the additional amount of Rs-10 per mensem is included here.
